CONWAY- TERRENCE WASHINGTON

AM Student of the Month

Terence is a force to be reckoned with. Still in pre-clinic he already has clients asking for him. His positive energy, is respectful to those he works with and is a great student.

Terence has big dreams for his future, with aspirations to begin his own salon & barber franchise. He knows baby steps

may be in his future, but he still has big plans. Perhaps someday Terence will send recruiters and educators to the Student Appreciation Event!

CONWAY- MICHELLE BOWEN

PM Student of the Month

Michelle got her start in Cosmetology in the two ways most of us do. She cut her dolls hair then her own. Ah, memories! Fortunately for Arthur's, Michelle decided to improve her technique and get a license to do hair.

Michelle is a fine example of a Cosmo student, juggling a full time job, school and motherhood. She studies hard,

maintains good grades and a positive attitude, no matter what challenge faces her. Well done Michelle!

FT. SMITH - WHITLEY CLUCK

Day Student of the Month

Whitley actually considered becoming a Psychologist, but her love of hair got in the way. Of course, she realizes that as a Cosmetologist, she's still a therapist with scissors and that's fine with her.

Whitley is a dedicated student with great communication skills and is never afraid to go the extra mile to please a client. After graduating from Arthur's, Whitley plans on obtaining a Business degree to better prepare herself to own her own salon. Sounds like a great plan!

JAX - SARAH SLUSSER

Day Student of the Month

Sarah believes in the power of Cosmetology. She knows she has the ability to shape someone's day with a cut, color style and loves it!

Sarah is a feisty red head who will dance circles around her competition some day. She is always willing to put in the work that's needed and her clients love her. Some day she'll be shopping for a place of her own!

PINE BLUFF- PEARL FREEMAN
